EDUCATION

Air University, Kharian

BS Artificial Intelligence (BSAI)

Ongoing

- Learning Machine Learning, Deep Learning, and Object-Oriented Programming in Python.
- Building hands-on AI/ML mini-projects using Python, TensorFlow, and OpenCV.
- Maintaining strong academic performance while actively exploring AI research and real-world applications.

EXPERIENCE

Freelance

Frontend Developer

2024 – Present

- Building responsive web interfaces with React, Tailwind CSS, and Vite.
- Collaborating with clients to turn design ideas into functional, modern websites.

Self-Directed Practice

AI/ML & Python Development

2024 – Present

- Developing AI/ML mini-projects using Python, TensorFlow, and OpenCV.
- Practicing data analysis with NumPy, Pandas, and Jupyter Notebook.

Personal Practice

UI/UX Design & Digital Art

2023 – Present

- Creating UI designs using Figma and Canva.
- Practicing digital painting and sketching.

SKILLS

🔗 HTML5 · CSS3
JavaScript
React · React Native
Tailwind
Python
TensorFlow · PyTorch
NumPy · Pandas
GitHub · Figma
Canva

🗣 English · proficient
Urdu · native

CURRENTLY LEARNING

🎓 Three.js · Vite
Flask · Node.js
MongoDB · MySQL
Firebase

PROJECTS

Artist Portfolio Website

React.js, Tailwind CSS, Vite

AI/ML Mini-Projects

Python, TensorFlow, OpenCV

INTERESTS

Sketching & Digital Painting
